

# WDK Zubehoer Tradition Maschinen

Artikelnummer	Beschreibung	
<b>G1000A100</b>	SchutzFolien und Hebel	 The image shows a white rectangular box with a grid of small diagrams on its top surface. Next to the box are two clear, rectangular protective sheets, one slightly overlapping the other.
<b>G1000A56</b>	WulstBoy mit Traktion	 The image shows a red metal tool with a curved top section. It has several red plastic clips or fasteners attached to the top curve. A black handle or adjustment knob is visible on the right side, and a small black wheel or roller is at the bottom right.
<b>G800A32</b>	Felgenhorn Schutz	 The image shows a red, curved protective horn. It is attached to a black metal bracket or frame that has a curved shape. A black cable or hose is connected to the bottom of the bracket.
<b>B2440002</b>	HM Montiereisen	 The image shows a long, silver-colored metal strip with a series of rectangular notches or slots along its length. A small red plastic component is positioned above the strip.
<b>GWDK020xx</b>	Certificat und Handbuch	 The logo consists of a blue circular ring with the lowercase letters 'wdk' in a light blue font inside. A red curved arrow is positioned above the ring, pointing from right to left.
